Experience

Software Developer, Blue Burro
December 2015 –
At Blue Burro I assist in building custom web apps to simplify business infrastructure and process management.

Software Engineering Intern, Neomatix
Summer 2015 - Tel Aviv, Israel
At Neomatix, I used Python extensively to create a video streaming network that allows for remote access to live video recording as well as software that supervises and starts embedded scripts on our beta hardware.

Co-Director Spring, E-Force
E-Force is the environmental activism program at the Collins Living Learning Center at Indiana University, Bloomington.
Spring Semester 2015 –

Member, Political Science Club
Fall Semester 2015 –
